

Trusting in the Power of Truth (Matt 10, pt. 3):

Preached on 02/11/2018

Jesus did not know at that moment the exact time of His second coming, so He projected into the Tribulation period. He told the Apostles to (1) expect a short Tribulation period; (2) expect being treated in the same way as Jesus was; (3) make the hidden public; (4) know that souls are more important than bodies, and we are precious to God; and (5) choose a public standing either for or against Christ. Then, he announced the principles on how to preach God: (1) Christ divides humanity; (2) He is either all or nothing; (3) man must receive the ambassadors of Christ; and (4) even receiving the latest ("little ones" during the Tribulation) makes a qualitative difference.
