

## **How to Get Yourself Killed and Live Forever? (Matt 23): Preached on 04/01/2018**

On Wednesday of the Passion Week, Jesus gave a scathing denunciation of Pharisaism. He pronounced eight woes to the Pharisees and sages, which are the opposite of the eight blessings of the Beatitudes. But criticizing the leaders of the society of his time, Jesus successfully got himself killed (as he planned); and because he stood for the eternal value of God, he lives forever, not only spiritually, but also bodily because of the resurrection.
