

## **How Much Are We Allowed to Know? (Matt 24:35-36)**

**Preached on 05/06/18**

Jesus told the disciples precisely that the “day and hour” of the time when “heaven and earth will pass away” is prohibited to the humans and the angels. It did not prohibit the “year and month,” nor did the Hebrew Matthew say that it was hidden from the Son. The Jews, the apostles, and the church fathers all made their efforts of calculating the time of the Messiah. Are we foolish to join them? If we avoid the mistake of using the “one generation” in the end time, does the Bible give us permission and information to derive the time of the rapture?
