

Thyatira: A Moral-less Church for Works (Rev 2:18-29)

Preached Sunday, 07/29/18

The Church of Thyatira was corrupted by all possible temptations (power, money, and the flesh). Even so, Jesus praised its devotion in doing good. It apparently corresponds to the Roman Catholic Church and the Roman Catholic Period (AD 590-1517) in church history. While recognizing its many errors, it is still false to claim that whole branch of Christianity as a cult, for Jesus asked some among them who do not participate in the satanic teachings and practices to stay until He comes.
