

Laodicea: a Senseless Church for Well-being (Rev 3:14-22)

Preached Sunday, 08/19/18

The Church of Laodicea was known for being lukewarm, thinking itself rich, while being chided by Christ as being poor in truth, spiritual power, and holiness. Even so, Jesus regarded them as family and requested that they open their hearts, welcoming Him not just to live in their souls but to be their true Lord in all aspects of life. This church corresponds to Postmodern Churches (1990 till rapture).
